Marriage is a gift of God our creator, whose intention is that husband and wife should be united in heart, body and mind. In their union they fulfil their love for each other.

Marriage is given to provide the stability necessary for family life, so that children may be cared for lovingly and grow to full maturity.

Marriage is a way of life to be upheld and honoured. No one should enter into it lightly. It involves a serious commitment to each other's good in a union of strength, sympathy and delight.
